50X1-HUM

~~CONFIDENTIAL~~ SECRET-CONTROL/US OFFICIALS ONLY

[redacted]  
[redacted] An armored cross-country  
car was sighted in the Kaserne area.

50X1-HUM

[redacted] Comment:

50X1-HUM

a. General

(1) Signal units were reported to be located in the STAINSDORF  
Ludendorff and Schieffen Kasernes in November 1948.

(2) [redacted]  
units of the SBA Germany and Group of Occupation Forces  
Germany are concerned.

50X1-HUM

b. Radio Installations

(a) The antennas observed at the Siegfeld and Ludendorff  
Kasernes apparently form part of the ordinary troop unit  
radio stations set up by the signal units quartered there.

(2) A large radio station (either receiving or stationary  
transmitting station) is located in the Schlieffen Kaserne.  
Judging by their arrangement, radio installations No. 4  
and 5 (see Annex 4) may be an Adcock DF station. Such a  
station, however, is not usually set up near standing  
buildings or streets. The real purpose of this instal-  
lation cannot be determined, because the exact distance  
between the antenna masts and to the antenna on top of the  
roof have not been stated.
